Sport & Culture in Contemporary Czech Republic

SECTION I: Course Overview

Course Code: CUL351PRG
Subject Area(s): Cultural Studies
Prerequisites: None
Language of Instruction: English
Total Contact Hours: 45
Recommended Credits: 3

COURSE DESCRIPTION

This course analyzes the role of sport in contemporary Czech society and the interrelationship between sport, identity, and politics in the Czech Republic from the end of the 19th century to the present day. Contemporary and historical sporting practices and events – including soccer, ice hockey, tennis, track and field, sailing, hiking, or spartakiáda – are analyzed to uncover issues around national identity, politics, gender, and the sport-media-market interface in the Czech context. Drawing on the Czech historical, sociological, and outdoor education studies, the course examines state and civic organization of sport and its political role in both totalitarian and democratic Czechoslovakia and Czech Republic. Students will actively engage in various aspects of the host culture throughout the term through case studies, onsite learning, and field research.

LEARNING OBJECTIVES

Upon successful completion of this course, you will be able to:

- Describe the historical development of sport in the Czech Republic from the end of the 19th century to the present day.
- Explain the relationship between communist era policies and contemporary post-transition issues associated with national identity in the Czech Republic through the lens of sport.
- Apply theories from Czech sociology and outdoors education studies to the analysis of specific sporting practices in the Czech Republic.
- Examine the role of women in Czech sport, especially in those contexts where women’s participation and contributions have been historically rendered invisible.
- Evaluate the extent to which material covered in class is expressed in the everyday life of the host society through direct experience while studying in Prague.
**ADDITIONAL COURSE FEES**

This course requires payment of an additional fee to cover active learning components that are above and beyond typical course costs, such as site visits, entrance fees and other expenses. Please see the Course Overview online for further information.

**SECTION II: Instructor & Course Details**

**INSTRUCTOR DETAILS**

Name: TBA  
Contact Information: TBA  
Term: SEMESTER

**ATTENDANCE POLICY**

This class will meet once weekly for 150 minutes each session. All students are expected to arrive on time and prepared for the day’s class session.

CEA enforces a mandatory attendance policy. You are therefore expected to attend all regularly scheduled class sessions, including any field trips, site visits, guest lectures, etc. that are assigned by the instructor. The table below shows the number of class sessions you may miss before receiving a grade penalty.

<table>
<thead>
<tr>
<th>Courses Meeting X day(s) Per Week</th>
<th>Allowed Absence(s)</th>
<th>Automatic Failing Grade at X&lt;sup&gt;th&lt;/sup&gt; absence</th>
</tr>
</thead>
<tbody>
<tr>
<td>Courses meeting 1 day(s) per week</td>
<td>1 Absence</td>
<td>4&lt;sup&gt;th&lt;/sup&gt; Absence</td>
</tr>

</table>

For every additional absence beyond the allowed number, your final course grade will drop down to the subsequent letter grade (ex: A+ to A). As a student, you should understand that the grade penalties will apply if you are marked absent due to tardiness or leaving class early. In the table below, you will find the grade penalty associated with each excessive absence up to and including automatic course failure.

CEA does not distinguish between excused and unexcused absences. As such, no documentation is required for missing class. Similarly, excessive absences, and the grade penalty associated with each, will not be excused even if you are able to provide documentation that shows the absence was beyond your control. You should

therefore only miss class when truly needed as illness or other unavoidable factors may force you to miss a class session later on in the term.

**Grading & Assessment**

The instructor will assess your progress towards the above-listed learning objectives by using the forms of assessment below. Each of these assessments is weighted and will count towards your final grade. The following section (Assessment Overview) will provide further details for each.

**Short Papers (20%):** You will write three short papers in response to the undertaken AICAP activities for this course. In your response papers, you should reflect on your experience, impressions, and observations from your direct engagement with Czech sport. You should connect your first-hand experiences and direct observations from the AICAP activity with our course literature and discussions. To demonstrate a clear connection to historical and sociological frameworks presented, you should reference at least three course readings.

**Midterm (25%) & Final Exam (25%):** The exams will assess your knowledge of both the historical specifics of sport in the Czech Republic, and the conceptual frameworks presented throughout the course. This will be done with a range of questions including definitions, short answers, and essay questions.

**Final Project (20%):** You will deliver an oral presentation for which you are to select a sport of your choice practiced in the Czech Republic, at any level, with or without formal governing bodies. You are to explore the evolution of this sport in the Czech Republic, its formal organization as well as its connection to Czech politics and Czech national identity. You will critically examine the impact of the Czech Republic's transition to democracy and transformations relevant to this sport in the post-communist era. During the last week of class you will present your findings to the class, in addition to handing in a paper of six to eight pages. This information should come from a combination of research and observation during your time in the Czech Republic. The instructor will provide further information during the course.

**Experiential Learning Activities (AICAP)**

CEA courses are designed to include a variety of experiential learning activities that will take you out of the classroom and allow you to explore your local, host city. These activities may include field studies, guest lectures and/or activities offered through our Academically Integrated Cultural Activities Program (AICAP).
